Profile

Supply chain and logistics professional with experience at DHL, Flipkart, and Zepto, specialising in end-to-end supply chain operations, inventory planning, forecasting, and global logistics management. MSc Information Systems and Operations Management student with a bachelor's degree in mechanical engineering, and expert proficiency in SAP ERP, SAP MES, Power BI, WMS, and digital manufacturing tools. Proven record of implementing lean manufacturing, continuous improvement, accurate forecasting & demand planning techniques and process automation initiatives that enhance operational excellence, reduce costs, with strong analytics and data reporting to drive efficiency in fast-paced commercial settings. An adaptable & flexible supply chain & logistics professional seeking an internship to apply my strengths and help optimise performance, enhance quality standards while driving innovation, creativity and sustainability.

Education

MSc Information Systems and Operations Management, University of Nottingham, UK
Sep 2025 - Sep 2026

Modules: Data Management and Manipulation, Management Science for Decision Support, Managing Contemporary Operations, Project Management, Business Intelligence and Analytics, E-Business, Information System Design and Development, and Quality Management and Quality Techniques.

Bachelor of Mechanical Engineering, East Point College of Engineering & Technology, University of Karnataka, India **Aug 2018 - Jul 2022**

Grade: 8.8/10 First Class with Distinction, Top of Cohort.
Relevant Modules: Supply Chain Management, Operation Management, Metrology and Quality Control, Industrial Engineering and Management, Additive Manufacturing, and Machine Design.
Role: Head of Design Club - Directed club initiatives, managing teams to deliver innovative machine design projects and hands-on engineering solutions.
Dissertation: Designed innovative and eco-friendly personal mobility solution E- Roller Skates; a compact electric roller skate designed for daily urban commute**.** using reverse charging mechanism, enabling bidirectional energy flow, enhancing energy efficiency and sustainability.

Work Experience

Warehouse Operative, Sainsbury's, Nottingham, UK **Oct 2025 – Jan 2026**

- Facilitated inventory management along with Warehouse Manager through rigorous business data analysis using **SQL and Power BI** to identify trends, generate actionable insights, and support data-driven strategic decision-making.
- Implemented pick path system to strengthen the productivity for put away and picking, **increasing throughput by 3%**.
- Proactively identified workflow inefficiencies and **introduced new packing and quality control methods** to elevate customer experience.

Assistant Manager, Flipkart (Central Ops), Bangalore, India **Mar 2025 - Aug 2025**

- Reduced **Cost per Order by 18%** through strategic budget planning, process refinement, workforce optimisation, and streamlining resource allocation.
- Coordinated process optimisation projects to streamline warehouse flow, **resulting in a 48% productivity uplift**.
- Communicated insights effectively between sourcing and operational teams to resolve bottlenecks and improve forecast readiness.
- Boosted store output **from 94% to 98%** by introducing a performance-linked incentive program that amplified productivity and engagement.

Assistant Manager, Zepto (Control-Tower), Bangalore, India **Oct 2024 - Feb 2025**

- Collaborated with Growth Planning teams to refine traffic engagement strategies, **achieving a 6% increase** in order volume and improving demand-side visibility.
- Reduced **order delays by 20%** and boosted attribution accuracy from **80% to 95%** by redesigning tracking and reporting systems and employing predictive risk management and cost reduction models.

- Designed and deployed specialised network features and COD-blocking controls, unlocking new revenue streams and elevating **fulfilment reliability by 5%**.

Assistant Manager, DHL, India **Jul 2022 - Jun 2024**

- Streamlined inbound operations processing **700K+ units/month**, cutting dock-to-stock time for 40-ft containers from **6 hours to 4 hours**, boosting throughput and reducing lead times.
- Achieved **99.75% order accuracy across D2C fulfilment** by refining SOPs and standardising processes across all fulfilment touchpoints while maintaining compliance, customer satisfaction, KPI's and SLA.
- Ensured **99% acceptance for SPF** claims by managing stakeholders across marketplace partners through timely submissions and coordinated follow-ups.
- Stabilised omnichannel reverse logistics by performing comprehensive GAP analysis and **100% quality checks**, providing seamless returns and timely restocking.
- Implemented **real-time Power BI dashboards** for inventory, cycle time, and delivery KPIs, empowering data-driven decision making and improving operational visibility.
- Led cross-functional operational improvement and solutions design projects, **including WMS implementation at Nike from UAT to go-live**, ensuring seamless adoption and stakeholder alignment.

Supply Chain Intern, DHL, Bangalore, India **Mar 2022 - Apr 2022**

- Developed and validated **global-standard SOP's and instructions**, enabling site consistency and scalable processes across multi-site operations.
- Led a reverse logistics initiative at Puma, reducing return to origin (RTO) shipments from **25% to 20%** by implementing tighter quality checks and stakeholder-aligned workflow.

Maintenance Engineer Intern, Indian Railways, India **Oct 2021 - Nov 2021**

- Performed hands-on asset maintenance planning and reliability engineering, optimising operational layouts of diesel loco shed systems.
- Conducted technical analyses and quality checks of engines and fuel systems, enhancing preventive maintenance and process compliance expertise.

Certifications

- Operations Management System (OMS) Certification, DHL — Nov 2023
- Certified for Maintaining Lighthouse Site – Nike, DHL — Mar 2023
- Supply Chain Specialist, DHL — Sep 2022

Awards

- Awarded the Nottingham Post Graduate Excellence Award Scholarship of £9,225. — Sep 2025
- Letter of Recommendation from DHL Supply Chain, India for contribution. — Apr 2024
- Awarded as Topper of the Batch for academic excellence and leadership by university. — Jul 2022
- Appreciation for leading university college festival called "Samskruthi". — Jul 2019
- Appointed Student Representative, showcasing leadership, accountability, and the ability to represent diverse student perspectives in academic discussions. — Oct 2025

Skills

IT: SAP ERP, SAP MES, WMS, Power BI, SQL, Microsoft Office (Advanced Excel, Word, PowerPoint, Outlook, Teams).
Language: English (Fluent), Hindi (Native).
